

`basic_json::unflatten`

```
graph LR; A[basic_json::unflatten] --> B[json_pointer::unflatten]; B --> C[json_pointer::get_and_create]
```

The diagram illustrates a sequence of three operations. It begins with a grey rectangular box containing the text `basic_json::unflatten`. A blue arrow points from this box to a white rectangular box with a black border containing the text `json_pointer::unflatten`. Another blue arrow points from this second box to a third white rectangular box with a black border containing the text `json_pointer::get_and_create`. The boxes are arranged horizontally from left to right.

`json_pointer::unflatten`

`json_pointer::get_and
_create`
