

```
detail::lexer_base  
< BasicJsonType >
```

A diagram illustrating inheritance. A light blue box at the bottom contains the text 'detail::lexer< BasicJsonType, InputAdapterType >'. A blue arrow points upwards from this box to a gray box at the top. The gray box contains the text 'detail::lexer_base < BasicJsonType >'. This indicates that 'detail::lexer' inherits from 'detail::lexer_base'.

```
detail::lexer< BasicJson  
Type, InputAdapterType >
```
